OTHER REPORTABLE DISEASES: 2 Influenza B/Hong Kong - Cascade (1 reported erroneously last week in Yellowstone).

7 Atypical Mycobacterium - 5 Cascade, 1 Deer Lodge, 1 Silver Bow

INFLUENZA SURVEILLANCE: Helena - in the 3rd week of a community-wide outbreak of Type B/Hong Kong Influenza (2 isolates).

Missoula - in the 2nd week of an outbreak, possibly B/Hong Kong; virus cultures are pending.

Bozeman, Butte, Great Falls, Havre and Kalispell - report a significant increase in school absenteeism; Type B outbreaks are suspected, but we have no laboratory specimens.

Libby and Lincoln County report an explosive outbreak in elementary schools, with high absenteeism; a Type A/USSR outbreak is suspected. Attempts to get laboratory confirmation of the agent are underway.

Billings, Glasgow, Miles City, Hamilton and Deer Lodge - sporadic or no activity reported.

NOTE: Last week's report is being mailed with this one, because we were in the process of moving our offices and without access to desks, typewriters, etc. for several days.

Also, we are changing address systems after this mailing. If you miss your copies, please let us know. There will undoubtedly be some confusion as we try to transfer old lists to computer printouts.
